Subject: Conference call request

Haimanot,

We would like to request your participation in a conference call suggested for this upcoming Thursday morning, March 28th at 8:30 AM Mountain time. I have contacted most everyone on the list above and this looks like the best possible time to get everyone together. I am sorry about the 8:30 AM time for those in Denver but this will give us approximately a hour and half before lunch at NRC offices on the east coast.

I would like everyone to confirm that they can participate. I would also suggest that we use the Powertech conference call number 1-800-430-0714 access code 7907528#.

This meeting will include Brian Gustafson and Kyrik Rombough of South Dakota DENR Air Quality Program as well as persons from Region 8 EPA who are experts and modelers on air quality. The goal of the meeting will be to discuss the current air modeling protocol. As well, we will have Ronn Smith on the line who completed the modeling work for Powertech.

Sincerely,

John

John M. Mays

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
